

METER ACCESSORIES

WATER RESISTANT INSTRUMENT POUCH 840090

Fits all Sper Scientific Meters and helps protect them from the elements during field work. The pouch enables the user to read and operate the instrument inside while the probe extends outside. Has a carrying strap and a Velcro sealed top.

Dim: 9" x 7" (229 x 178mm).

FIELD TRIPOD 840093

Lightweight at only 2½ lbs, yet strong and stable. Flip-lever legs quickly lock into place at any height up to 58" and quickly fold down to 21" for carrying and storage. The height can be further adjusted with a geared, cranked elevator column. Features a 3-way adjustable head, self-leveling swivel feet, a bubble-level, carrying handle and an accessory hook. Comes in a zippered carrying case with a handle.

BENCH-TOP TRIPOD 840092

Pocket size tripod is stable when open yet folds to only 5" x 1½" x ½" for easy carrying and storage. Weighs under 2 oz. Usage height: 3 ½".

Both tripods fit any meter with a threaded tripod attachment.

SOUND METER WINDSCREEN 840091

Fits all Sper Scientific digital sound meters

AC ADAPTOR 800003

For meters: 800005 800014
